Local Offer – information for families

The Derbyshire Local Offer website has information about support and services provided for you - including schools, colleges, health services, groups, activities and short breaks.

It also has information about the new processes for children and young people with special educational needs and disabilities and how families might be affected.

Please take a look at the [Derbyshire Local Offer \(opens in a new window\)](#) website and let us know what you think.

Services, groups and activities - are you included in the 'local offer' yet?

Email the Families Information Service to check at info.fis@derbyshire.gov.uk or Tel: 01629 535793.

Planning services

The Local Offer will also help us to plan, review and develop services for children and young people and be an important resource for people who work with families.

We are committed to work together to develop our local offer and keep it under review.
