

Amber Valley School Sports Partnership recently arranged for students to meet and support British Cycling with their campaign for safer roads.

Pictures are 3 students (Laura Jerram, Phoebe Winfield and Jessica Tiffney) from John Flamsteed Community School. The girls had an amazing day and were fortunate to meet staff members from Team Sky and be given access to their offices and race cars. They also met with GB development squad riders along with Tre Wright BMX, bronze medallist at the World Champs, ride the BMX track themselves. The presenters of Blue Peter were also filming and the students managed to meet these too.
