Dear Parents, Carers and Students

YEAR 10 MOCK EXAMINATION SCHEDULE

As part of the preparation for the GCSE examinations in the Summer of 2023, all students undergo a series of formal mock examinations throughout the duration of their courses which will build their ability to apply examination techniques, refine revision skills as well as assess any gaps in knowledge and understanding in the subjects they are studying. The Year 10 March mock examination series is one such opportunity.

Please see below the planned schedule of mock examinations to be held from Monday 28 February to Friday 11 March 2022:

The importance of all formal assessments cannot be underestimated, especially given the weighting that has been given to school mock examinations and assessments over recent years. Students will need to prepare for these mock examinations and ensure that they allow us to catch them at their best in all assessments that they undergo. It is important to note that they may be used to make decisions about GCSE entries and that the results and projected grades which follow them may be included in references for post 16 education, employment and training.

Detailed overleaf are the instructions for candidates which must be observed at all times during a mock examination. Some students will follow a personalised programme for access arrangements.

Information on how to prepare for these mock examinations can be found on the school website 'Remote Guide to Revision' or by following the link: [Remote Guide to Revision | John Flamsteed Community School \(jfcs.org.uk\)](https://www.jfcs.org.uk)

I am sure you will do all you can at home to encourage and support your child in their preparation for these mock examinations.

Should you have any questions or concerns regarding this mock examination series then please do contact me.

Yours sincerely
