

Business

■ Remarkable Curriculum ■

Ambition

- We are ambitious in making the curriculum interesting, relevant and challenging for all students enabling them to meet their aspirations.
- We offer practical examples of application to encourage students when considering employment or starting an enterprise.
- We develop curiosity in students to investigate the business world and speak confidently using the language of business.

Commitment

- We are committed to growing students' business skills and providing opportunities to apply these skills to real world scenarios.
- We challenge students' problem solving and decision-making skills so that they are ready for employment and business.
- We are committed to learning about business theory and calculations whilst also ensuring students consider the health, social, moral and ethical issues surrounding business decisions

Pride

- We are proud of the vocational and academic rigor offered by the curriculum.
- We offer the development of transferable skills for use in other curriculum areas such as mathematics and Science.
- We are proud of our students who can meet and converse with adults other than teachers. This means that they develop their understanding of business in the real world
