

Equipment and Uniform

A parent/carer's guide

INTRODUCTION

At JFCS we have high standards regarding our uniform and equipment.

We want all our students to look and feel proud of the school they attend, and our uniform is the most visual sign of this.

Wearing a uniform and being ready to engage in learning, with correct equipment, also signals to our students that the expectations in school are different to social circumstances. This creates consistency for students and enables them to focus on their learning and achieving remarkable GCSE results.

This guide is intended to give you a clear understanding of our uniform and equipment expectations so you can support your child in preparing for school and you, as a parent, can feel fully involved in the culture of JFCS.

If you are unsure about an item of uniform, please contact the school before you agree to your child's request or refer to this guide for examples of what is acceptable in school.
